THE BRAND MANUFACTURER

OFFICE & WORK

LIVING ORGANIC DESIGN

For NATUREHOME sustainability is more than just a word. We take care of the environment in every step of our business. As a manufacturer and retailer for small furniture, wooden office accessories and different items for home and living we create high-quality products that can be passed on for generations.

Especially in e-commerce sustainability is not self-evident. For that reason NATUREHOME takes care for recyclable packaging, short transport routes and pollution-free ingredients. But the best way to serve the environment are our long lasting products that can be used for a lifetime. Every piece of furniture is made of certified wood like oak, beech or walnut from European forests. In our small manufactures in Europe we produce timeless design products combining solid handwork with elegant shapes.

In our catalogue we will present our office lines CLASSIC, ECO and SKRIPT to you. Enjoy!

NATUREHOME OFFICE

"CLASSIC"

If you prefer a clean, sophisticated and elegant design, NATUREHOME Classic is exactly what you need. The Classic line provides office accessories like pencil boxes, paper trays, file holders and paper bins made from solid wood. Classics natural look and smooth surface attracts both eyes and hands every time you use the items. You can choose between oak, beech and walnut. The material is FSC-certified and a product of sustainable forestry.
